Murder Near Clarksville—Hopkinsville Brakeman Hurt—Wife Beater in Hospital—Medicinal Water Discovered—Vein of Coal Struck.

Strong Steam of Sulphur Water.

Mr. W. J. Davidson on Saturday struck a fine stream of sulphur water in the yard of his residence on South Main street. The stream was located by Mr. H. A. Williams, who claims to be a "water witch," and at a depth of ten feet the auger struck rock which continued to a depth of 140 feet. It appears to be solid stone in three strata, the first was white limestone, then blue limestone and last a soft white stone. Late Saturday evening the auger dropped through the rock, and at a depth of 150 feet the stream was discovered. The gas came gushing out of the hole and a strong smell of sulphur all over that part of the city left no doubts as to the character of the water. By Sunday morning it had risen to a depth of 102 feet in the well. The water is very strong. It is even stronger than Blue Lick, which seems to resemble. In color it is blue or slate color, and sulphur, salt and magnesia are evidently among the ingredients. It is so strong that it is unpalatable, but persons fond of sulphur water pronounce it of the finest quality. All day yesterday people looked to the well to try the water. Mr. Davidson will have it analyzed as soon as possible, to ascertain its medicinal value. If the water comes up to the expectations of all who have seen it, the well will be a bonanza for its owner. It is located within a few steps of the street, and within two feet of the alley, separating Mr. Davidson's lot from that of Mr. L. H. McKee.

Another Murder Near Clarksville.

Last Friday night at the Goodlett farm, about two miles from Clarksville, Edwin Shanklin shot Garnett Richardson, death resulting early Saturday morning. The two men had been cultivating the farm, which was owned by Richardson, who was unmarried. Shanklin and his wife, it seems, had gone there to live in order that Mrs. Shanklin could manage the domestic affairs. The men had not been getting along well together for some time, and the altercation which led to the tragedy began at the supper table. Richardson advanced on Shanklin with a knife, when Shanklin shot him fatally, as above stated. Shanklin surrendered to the authorities and was put in jail. Both men were citizens of good standing in the county. This is the fourth man shot to death in Montgomery county within the last three months.

Pembroke Splinters.

PENBROKE, Ky., June 28.—The Baptist Sunday school of our town will have a union picnic on Wednesday July 8. A pleasant time is anticipated.

Mrs. Jim Denney will return Saturday to her home in Elkton after a pleasant visit to her parents. A great treat is anticipated in hearing Gen. Gordon in his famous lecture next Friday night, July 6th. A large audience will greet him.

Miss Lucy Brille, of Russellville, is the guest of Misses Amelia and Charlie Radford of the county.

Mrs. Dr. Alex Campbell and children, of Hopkinsville, are visiting in our midst this week.

shot in the Jaw.

A shooting took place near Bolivar, on the Clarksville pike, last Tuesday, between two negroes. A negro named Dyeus found in his wife's possession a tin type of another negro, who was an acquaintance. He immediately attacked his "friend" and pulling his pistol shot him in the jaw, inflicting a very painful, but not a very dangerous wound. Dyeus then fled and had not been heard from at last accounts. A warrant has been sworn out for his arrest.

Killing Near Longview.

Bud Williams and Jim Young, both colored, had a row near Longview, Thursday and a scuffle ensued. Both had their pistols out. Williams shot Young in the bowels and he died from the effects of the wound the next day. Williams was arrested, and admitted the killing, but claimed it was accidental. He is now in jail and will have an examining trial before Judge Breathitt this week.

Fine Farm Sold.

THURSDAY, June 27.—The fine and fertile stock farm of S. J. Banks, one mile from town, operated by Col. J. T. Evans, was sold to the Camp Bros., for the sum of \$52.50 per acre, on usual terms. The farm contains 325 acres and is one of the many fine and well improved farms of South Todd.

Business is on the improve in every department.

A LIFE FOR A LIFE.

A Bloody Murder Speedily Avenged in Trigg County Thursday.

Particulars of a bloody affair in Trigg county last Thursday have just reached this city. It happened "between the rivers," near Golden Pond. An ex-convict named Colston, who served out a term for cattle stealing and was released about three months ago, was the principal actor. In a row over a woman named Rhodes, a relative of his, Colston shot and badly wounded a man named Rhodes, and went off to get another load of ammunition and when he returned found a young man named Hammond administering to the wounded man's needs in his helpless condition. Without a word he fired upon Hammond and killed him outright. Colston and the woman then fled together in a boat and a posse was soon organized to pursue them. The posse came upon them after they had left the boat and firing upon Colston killed him. The woman then seized Colston's gun and attempted to fire but she too was shot and killed before she could shoot the weapon. The desperado who was killed was a notorious tough. He was the same man who shot and wounded Wm. Wadlington some time ago while Wadlington was trying to arrest him. The woman who caused the trouble bore a very bad character and the death of both of them was a good riddance to the community. Hammond was a young man of good character. Rhodes was still alive at last accounts.

PROF. L. MCARTNEY.

The New Superintendent of Public Schools Elected Last Week.

The board of trustees of the Hopkinsville Public Schools elected Prof. Livingston McCartney Thursday night to fill the vacancy caused by the resignation of Prof. Dietrich. There were fifty applicants and the contest finally narrowed down to Prof. McCartney and Prof. S. L. Frogge. On the ballot that elected Prof. McCartney received five votes and the election was then made unanimous. The new superintendent is 34 years old and has a wife and three children. He was born in New York and educated at Geneva, N. Y., and Chicago. From both schools he graduated with the honors of his class. He has had eleven years of experience in public school work having been superintendent at Sioux City, S. D., and Hannibal, Mo. He is now principal of the High School at Omaha, Neb., which position he resigns on account of the severity of the climate in winter.

His recommendations are of the very highest character and personally Prof. McCartney is a pleasant, unassuming gentleman of scholarly attainments and superior qualifications for school work. He is small of stature, but of great energetic and resolute in all his movements. He strikes one as being thoroughly business and a splendid all-round school man. Prof. McCartney will move his family to the city within about 30 days.

Todd county Crop Report.

TRENTON, June 27.—Wheat is about all cut and the threshers are moving in every direction. Half crop is the estimate put upon the crop by the best farmers. Oats are very fine both winter and spring. Hay crop very poor. Corn looking splendid. Three-fourths of the tobacco set is infested by the grasshoppers. Old tobacco all sold.

Landed them in Prison.

Deputy Sheriff H. H. Goley carried Jim Elliott and Wyatt Melvin to the Eddyville Penitentiary Friday. Melvin and Elliott are the negroes who held up and robbed Mr. F. J. Tandy, near Pembroke, about ten days ago. Elliott will serve 10 years and Melvin 5. The third man has not yet been captured.

Bill Durrett Caged.

Bill Durrett, col., of Casky, charged with the crime of wife beating, was arrested in Clarksville, Friday, and officer Stafford arrived in this city the same night with the prisoner, who was at once placed in jail. Durrett's trial takes place before Judge Breathitt today.

Accident to a Brakeman.

Mr. Geo. Savage, of this city, a who is in the L. & N. freight service as a brakeman, had one of his hands badly mashed while coupling cars Friday, and will be off duty some time in consequence.

Struck a Fine Vein.

On last Wednesday the Seebree Coal Co. struck a fine vein of coal about six feet thick at a depth of 163 feet. The shaft was sunk about half a mile north of town and the new mine promises to be a paying one.

THE TICKET ENTIRE.

THE COMBINATION'S SLATE SMASHED ON TWO OFFICES.

For Treasurer and Hale for Secretary of State the Exceptions: Failure of Opposition to Norman and Hendrick Failed to Come to the Scratch.

THE TICKET.

For Governor.
P. W. Hardin, of Mercer county.
For Lieutenant-Governor.
R. T. Tyler, of Fulton county.
For Treasurer.
R. C. Ford, of Clay county.
For Auditor.
L. C. Norman, of Boone county.
For Attorney General.
W. J. Hendrick, of Fleming county.
For Register of the Land Office.
G. B. Swango, of Wolfe county.
For Secretary of State.
H. S. Hale, of Graves county.
For Supt. of Public Instruction.
Ed. Porter Thompson, of Owen county.
For Commissioner of Agriculture.
Ion B. Nail, of Jefferson county.

The convention finished its work and adjourned Thursday night at 7 o'clock. Long before that time the great body of the delegates had departed leaving their proxies in the hands of those most interested in the scramble for minor offices.

The combination was broken in two places Thursday. The first smashing of the slate was in the treasurer's race, when R. C. Ford, the young mountaineer, turned down W. H. Gardner. In the race for secretary of state, the combination first picked on Metcalfe and then changed its plans and attempted to boost Stoddard Johnson up. The withdrawal of Headley, however, gave Hale the opportunity of making a winning and he did it after a struggle.

The first ballot for treasurer stood Herndon, 172; Kendall, 91; Ford, 270; Gardner, 286; Kenton, 58. On the second ballot the convention stampeded to Ford. Gardner betrayed the silver men and they did him up by going to the mountain man.

L. C. Norman was nominated for auditor by acclamation. For register of the land office the first ballot resulted: Swango, 269; Glenn, 207; Harrison, 165; Brinkley, 127; McCoy, 109.

On the second ballot it looked like a stampede to Glenn, the Louisville delegation going to him almost solidly. Upon a recapitulation Swango won, the vote standing: Swango, 282; Glenn, 269.

The movement for a fight against Hendrick for attorney general fell through. Chapeze Wathens's friends were going to put him in nomination and he would have had a good vote. The Louisville delegation, who first pressed McChord to enter this race, deserted when the L. & N. turned loose. Hendrick was nominated without opposition.

The race for secretary of state developed the most exciting contest of all. Chairman Berry left the chair and put J. Stoddard Johnston in nomination. H. S. Hale's name was presented by C. P. Newell, of Mason county. J. Edwin Rowe, of Owensboro, offered the name of John W. Hendley while C. W. Metcalfe was placed in nomination by C. H. Price, of Bell county. Hale's nomination was seconded by J. C. Speight, of Hickman county.

The result of the first ballot was as follows: Headley, 280; Metcalfe, 222; Hale, 227; Johnson, 150.

Great excitement and confusion ensued during the call of the second ballot. Before it was concluded, Headley arose in the convention, withdrew his name and cast the solid vote of Louisville for Hale. A recapitulation of the vote was ordered.

The result of the second ballot was announced after one of the most disorderly recesses of the convention. An effort was made to hold up the announcement until enough changes could be had to drop Metcalfe instead of Johnson. The chairman parleyed and Metcalfe jumped upon the stage shaking his fist in the chairman's face, his followers crowding around. Metcalfe also jumped on the other side of the chairman and after a threatening scene he and Hale both left the stage and order was restored.

The second ballot resulted: Metcalfe, 255; Hale, 308; Johnson, 245. The third ballot then proceeded with Johnson's name dropped.

When the third ballot was half finished, Hale had such a lead that Metcalfe withdrew. Hale was unanimously nominated.

The committee on permanent organization made its final report. Few changes are made in the party organization, the main one being the manner of choosing the precinct committees. The rules presented and adopted are as follows:

AROUND AND ABOUT.

NOTHING BUT NEWS FOUND IN THIS COLUMN.

A Condensed Account of the Latest Happenings, Tereby Told for Busy Readers.

The hanging of "Bad" Tom Smith Friday at Jackson, Breathitt county, will occupy an important place in the history of Eastern Kentucky. After a final appeal to the Governor for mercy, and a postponement announced by the Sheriff "so that the condemned could save his soul," Smith yielded up a life that had been stained with crime innumerable. He had been a criminal from childhood and a partisan of French-Evered feud in Perry county. On the scaffold he confessed that he had murdered six men. His statement implicated B. F. French in the plot to murder Josiah Combs. Smith was captured in the Kentucky river a short time before he was hanged, and both the baptism and the execution took place in the presence of thousands of mountain people gathered to see the first legal execution in Breathitt county.

Wm. Case, of Grinnell, Ia., has buried five children within two weeks. Diphtheria was the cause in each case. The father is blind and the five children constituted the entire family.

Commissioner Miller says the internal revenue receipts for the fiscal year ending June 30 will amount to \$145,000,000. Kentucky pays about the same as last year.

It is estimated that no less than 15,000 persons participated in the services of the Epworth League at Chattanooga last week.

Edward Shaunkin shot and probably fatally wounded Garnett Richardson near Clarksville, Tenn.

Richard Croker will return to New York in September to remain until after November election.

W. J. Adkins, a Pulaski-county terror, was fired upon by ambush and killed.

Six miners were killed by an explosion in a mine near Cotuitan, Mexico.

Ex-President Peixoto, of Brazil is dead.

THE WILLIAM WINDOM.

Revenue Cutter Now Being Built at Dubuque, Ia.

The revenue cutter William Windom is far enough to completion to be ready for launching whenever the stage of water will permit. It is being built by the Iowa Iron works of Dubuque, Ia., the same firm that built the Ericson, and was commenced in 1893. The contract price is \$95,000. The following are its dimensions: Length, 170 feet 5 inches over all; beam, 27 feet 1 1/2 inches; depth of hold, 14 feet. The material used for construction is steel of the best quality, every piece of which has been subjected to the crucial test provided by the department. The boiler is of the same known as the twin screw inverted of the triple expansion type, two sets.

THE NEW TWIN SCREW REVENUE CUTTER WILLIAM WINDOM.

The dimension of the cylinders is 11 1/2, 10 1/2, and 20 1/2 inches bore by 24 inch stroke. These engines are of about 800 horse power. The boiler is of the Scotch marine type, 19 feet in diameter, 10 feet long, and built for firing at both ends. The draft when fully equipped will be seven feet.

The William Windom is built for the revenue service and its sailing ground will be in the Chesapeake bay, and its stations Baltimore and Washington. The cutter's commander has not yet been assigned. The crew will be fifty all told.

In addition to the engines it will be rigged with two masts and provided with sails. The cutter is expected to make a speed of fifteen knots an hour. The armament will consist of one pounder and two 1-pound rapid-firing guns. The small arms will consist of 30 new and improved Jorgensen rifles, such as are furnished the navy, and an equal number of cutlasses and revolvers. The furnishings inside will be polished cherry for the ward room and solid mahogany for the cabin.

The duties of the Windom are to protect the revenue, assist vessels in distress, suppress mutinies, to see that all laws regarding commerce in the United States are properly obeyed, and render other similar service. In time of war it will cooperate with the navy. The captain will rank with lieutenant commanders in the service. There are twenty-three vessels of this character having captain commanders in the service; eight with first lieutenant commanders and five with junior officer commanders.

The Windom is the only one of these thirty-six vessels provided with a steam expansion engine, although some are now building which will have quadruple expansion engines.

The chairman of the state executive committee shall be ex-officio chairman of the state executive committee, but shall have no vote except in case of a tie. Said committee shall fix the time and place of holding all state conventions and the representation and manner of selecting delegates thereto, and for that purpose the chairman may call them together and shall do so when requested in writing by five or more members of this committee. Members of this committee may vote by proxy.

The state central committee shall consist of a member from each congressional district and two members from the state at large. This committee shall have general authority over the organization of the party in the state and shall enact rules for the government thereof not inconsistent herewith.

This committee may, in its discretion, appoint a campaign committee of such number and with such powers as may be determined by it, to conduct state or district campaigns. Vacancies in the state executive and central committees shall be filled by the district committee in which the vacancy occurs, save to members at large of the central committee, which shall be filled by said committee.

County and legislative district committees shall consist of one member from each voting precinct to be chosen thus: In precincts where by law registration is required each voter who shall declare himself a Democrat shall then and there vote for an executive committeeman for the precinct, and the person receiving a plurality of the votes so cast shall be such committeeman. In precincts where registration is not required the Democrats of the precincts shall assemble in mass meeting at 2 o'clock on the Saturday following the first day of registration in precincts where it is required, and then select a precinct committeeman. The precinct committeemen so chosen shall constitute the county and legislative district executive committees.

The members of these committees shall serve for four years and until their successors are chosen their terms to begin immediately after the November election in the year they are chosen. They shall choose a chairman.

Where there are five or more legislative districts in a county the chairmen of the several legislative districts shall constitute the County Committee, and they shall choose a chairman. Where there are not as many as five, but more than one legislative district in a county, the Chairman of a district in or embracing a city shall be the Chairman of the County Committee, while the Chairman of a precinct committeeman in the county. If there be more than one city in the county, the higher in class shall govern; if there be more districts than one in a city, the district first in numerical order shall govern, save in the city of Louisville.

The Executive Committees of all other political divisions of the State embracing more than one county shall consist of the chairman of the legislative district and county committees embraced therein, and the chairman of the county first alphabetically in number shall be chairman of such committee.

Save as herein provided no committee or delegate to a convention may vote by proxy. Chairmen shall call their committees together on the written request of a third of the members, and upon his failure, those making the request may do so.

Save as to the persons named by this convention, no person who holds a Federal or appointive office or who is a candidate for an elective office shall act as a committeeman, and the happening of either shall vacate the office of committeeman.

Until the plan herein provided can be put in force, the State Central Committee shall, when deemed necessary, reorganize all executive committees.

The following state central and executive committees were announced:

- CENTRAL COMMITTEE.
First district—W. P. Gatlin, of Callaway.
Second district—Urey Woodson, of Owensboro.
Third district—J. C. Sims, of Warren.
Fourth district—G. W. Richardson, of Meade.

Nominations for superintendent of public instruction were then called for. Thompson was nominated by B. B. Bowden, of Louisville; John O. Hodges by Jerry O'Meara; C. W. Fowler by H. H. French of Montgomery. By the time the call was half over, the convention stampeded to Thompson and he was chosen by acclamation.

Judge E. D. Walker nominated Ion B. Ball for commissioner of agriculture; Harvey Smith named W. E. Minor, of Breckenridge; H. A. Trumbo nominated C. Y. Wilson; Watkins was nominated by J. C. Lykins, of Wolfe, and O. H. Waddill, of Pulaski, nominated S. M. Boone. Ball swept thirds and the ballot was not finished. He was nominated by acclamation.

At the close of the nominations the following resolution, offered by Mr. Charles M. Meacham, of Christian county was adopted:

Resolved, That we hereby tender our thanks to the temporary and permanent Chairmen, Secretaries and Sergeants-at-Arms of this convention for the fair, impartial and efficient manner in which they have discharged the important duties of their respective positions.

Upon the heels of this the following resolution was adopted, half of those in the convention initiating the crowing of a rooster to signify an affirmative vote:

Resolved, That the rooster or chicken cock be, and it is hereby adopted, as the emblem or device to be used on the ballots of the Democratic party at all elections, and that the same be duly certified by the proper officers of this convention.

At 7 o'clock sharp a motion to adjourn sine die went through with all the lung power left in the jaded delegates.

Mass convention next Saturday.

Excursion to Denver.

At no time have our people had such a magnificent opportunity to visit and enjoy the sights and wonders of the great West as is offered on account of the annual meeting of the N. E. A., at Denver. The rates are exceptionally low and are open to all. The round trip rate to Denver is \$32.42, plus the Association fee of \$2.22, which the roads guarantee to the Association. Tickets are good until Sept. 1, by depositing same with the agent at Denver. Tickets will be on sale July 4th, 5th and 6th. It is about a 39 hour run to Denver from Hopkinsville, and those leaving here at 10:10 p. m. will arrive in Denver at 1 p. m. on the second day following. The Denver side trips have been arranged at unprecedentedly low rates and extended time: City of Mexico, round trip \$40; Salt Lake City \$25, good till August 25th; Yellowstone Park, including all expense for stages, guides, provisions, etc. for 53 days trip, \$70 additional.

Tickets from here will be by way of Colorado Springs, on the Union Pacific road, giving a chance to visit Pike's Peak for \$4 additional, and returning via U. P. to Omaha or St. Louis, or on the Missouri Pacific, Chicago, Burlington & Quincy or Santa Fe roads.

Beverly News.

BEVERLY, June 27.—Born, to the wife of William Patterson, near Beverly, a boy baby, June 15.

Ten steam threshers are running in the vicinity of Beverly to-day. The yield is fair and the quality excellent.

Gen. Gordon at Pembroke.

Gen. John B. Gordon will lecture at the hall in Pembroke next Friday night, July 5. A large number of tickets have already been sold, and the prospects are flattering for a full house. It is quite likely that a crowd from this city will go out and hear him.

Notice of an advance of 10 per cent. in the wages of all employes, to go into effect July 1, which was posted Saturday at the mills of the Lava Iron and Steel Co., of Scranton, Pa., will affect between 5,000 and 6,000 men, and will increase the payroll of the company about \$25,000 per month.

Clinton, Missouri.
 Mr. A. L. Armstrong, an old druggist and a prominent citizen of this enterprising town, says: "I sell some forty different kinds of cough medicines, but have never in my experience sold so much of any one article as Chamberlain's Cough Syrup. I who use it say it is the most perfect remedy for Cough, Cold, Consumption, and all diseases of the Throat and Lungs, they have ever tried." It is especially for Croup and Whooping Cough. It will relieve a Cough in one minute. Contains no opiates.

Happiness is not all in receiving.

In the vicinity of Boquet, Westmoreland Co., Pa., almost any one can tell you how to cure a lame back or stiff neck. They dampen a piece of flannel with Chamberlain's Pain Balm and bind it on the affected parts and in one or two days the trouble has disappeared. This same treatment will promptly cure a pain in the side or chest. Mr. E. M. Frey, a prominent merchant of Boquet, speaks very highly of this medicine, and his recommendations have had much to do with making it popular there. For sale by R. C. Hardwick druggist.

Age is ordinarily a tamper of the passions.

Hot weather proves depressing to those whose blood is poor. Such people should enrich their blood with Hood's Sarsaparilla.

How often is shame the miraculous parent of repentance.

Mrs. Rhodie Nosh, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it was required to cure him. He says he owes his recovery to this wonderful remedy. Mrs. Mary Sibley, Sidney, Mich. For sale by R. C. Hardwick, druggist.

That Tired Feeling
 Is a common complaint and it is a dangerous symptom. It means that the system is debilitated because of impure blood, and in this condition, especially liable to attacks of disease, Hood's Sarsaparilla is the remedy for this condition, and also for that weakness which prevails at the change of season, climate or life.

Hood's Pills act easily, yet promptly and efficiently on the bowels and liver.

Scientists predict that in a century time there will be no disease that is not curable.

Last summer one of our grand children was sick with a severe bowels trouble. Our doctor remedies failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowels complaints. Mrs. E. G. Gregory, Fredricktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaints, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the following price directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. REGARDING FORMOSA.

The Fertile Island Ceded by China to Victorious Japan.
 Very exceptional interest just now attaches to the Island of Formosa, in that it will probably change hands at no distant date as a result of the treaty between China and Japan. Until the advent of the Portuguese in 1583, Formosa appears to have been entirely peopled by aboriginal Islanders. Portuguese rule, however, was short, and the Dutch, who took their place, established some civilization and developed the resources of the island to good purpose until themselves expelled in 1661. Hong of Chinese, under a pirate chieftain called Koxinga, drove forth the Dutch, and as time progressed Formosa came to be an important dependency of China. That country sent out a steady

stream of immigrants to its new possession and the old order changed throughout the length and breadth of the land. But, still visible, arise marks of the Dutch occupation in the shape of great fortresses at Tamsui and Tainfooc, which still retain the name of the land. WANTS TO BE GOVERNOR.

About the liveliest candidate for the republican nomination for governor of Iowa is James H. Harkness of Creston. There are Harkness clubs all over southern Iowa, and even in Des Moines there is a Harkness club of over one hundred members. Creston is an important railroad point and it is the home of a number of commercial travelers, many of whom are warm supporters of Mr. Harkness's candidacy. The

HON. J. H. HARKNESS.
 Harkness Travelling Men's club has a large membership. The century club, Creston, a traveling organization composed of more than one hundred and fifty members, has also unanimously endorsed Mr. Harkness's candidacy. The convention meets July 10.

Mr. Harkness is not only the only candidate from southern Iowa. Gen. Drake, of Centerville, is an avowed candidate, and this is one of the things which mitigates against the Harkness boom. Senator Harkness spent his childhood and early manhood in Creston and also in the city. He was a school-teacher, and a good one. For some years he successfully conducted a business college at Gatesburg. He is one of the founders of the city of Creston, having gone there about the time of the incorporation of the city in 1871. He established the first bank in Creston and also one of the early newspapers of the town, the Creston Gazette. C. M. Sault, now business manager of the Chicago Mail, being his partner. Early in the '70s he was elected mayor of Creston. Mr. Harkness has twice been mayor of Creston and has always been prominent in promoting the growth of the city and the development of southern Iowa.

A Woman's Story.

A NARRATIVE OF WOMAN'S ILLS.

Tight Lacing and Lack of Out-Door Exercise Bring Much Woe.

(From the Detroit News.)
 The large, prosaic hotel, the residence at 88 Miami avenue, in this city, is the home of the heroine of this interesting story. She is Miss Margaret Stenbach, and her experiences during the past four years are published here for the first time.

Miss Stenbach is a pretty girl of about 30 years and is today the true picture of a woman who has suffered from tight lacing. She was not always so, as is proved by the accompanying statement made by her.

"Four years ago," she said, "I was such a young little midge, pale and emaciated by an ailment peculiar to us women, that my father and mother gave me up to die. The local practitioners, whose name was Dr. Glassford, it was at that time living in Scotland, Ont., gave me only a matter of days when I would be laid away in the graveyard. 'I could not walk. I became so weak, and regularly every night my father used to carry me up stairs to my room. I can distinctly remember telling him that he wouldn't have to carry me about much longer, and how he said, while the tears glimmered in his eyes, 'I would be willing to do it all ways, if he could only have me with him.'"

At this time I read, or was told by somebody, of the wonderful cures that were being wrought by Dr. Williams' Pink Pills for Pale People, and my father went to Bradford, where he purchased a couple of boxes of W. W. Williams' Pink Pills.

At this time I read, or was told by somebody, of the wonderful cures that were being wrought by Dr. Williams' Pink Pills for Pale People, and my father went to Bradford, where he purchased a couple of boxes of W. W. Williams' Pink Pills. An analysis of Dr. Williams' Pink Pills for Pale People shows that they contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are made of the most delicate and refined of the motor atoms, paralytic, St. Vitus' dance, scurvy, neuralgia, rheumatism, nervous debility, the after effects of leprosy, palpitation of the heart, pale and sallow complexion, all forms of weakness either from the blood or from the nerves. Dr. Williams' Pink Pills did for me! I was so weak that I could not get up from my bed, and I was sent post paid on receipt of price, 50 cents a box, or 6 boxes for \$2.50. They are never sold in bulk or for the 100 by addressing Dr. Williams' Medicine Co., Schenectady, N. Y.

Feminine Ingenuities.

Of the multifarious uses of the hairpin, some, at least, are well known. They are suggested by a French traveler's description of a pin which the Indian women of Peru wear as a fastening for their shawls.

It is odd, the Frenchman says, to see a woman pull out the pin, letting her shawl drop from her bare shoulders, and proceed to use it for eating her soup or porridge. After the repast she passes the bowl of the spoon carefully between her lips two or three times, gathers up her shawl and fastens it in place.

The same women use their slippers instead of pocketbooks—a point in which they may be said to have the advantage of their North American sisters, who, having no pockets, are compelled to carry their purses in their hands.

The money of Lima consists of bank notes, which go very well into the bottom of a slipper. As to the effect upon the bills, perhaps the least said the better. There is an old saying that money always smells sweet.—Youth's Companion.

Better than Hot Springs.

CORN, Ky.—I write to thank you for the Electropoise, and will state that I have been suffering with sciatica for three years. I was not able to do any work, and tried everything and made a trip to Hot Springs, which gave me partial relief, but I was as bad as ever a short while after I returned home. Thanks to the Electropoise I can now say I am a well man from every rheumatic pain. GEO. R. WHITE.

Two years ago I was in very bad health, physicians said it was Bright's Disease, and they could do nothing for me, and my chances for living as long as two months was very slim. I bought an Electropoise and began to improve at once. Am now in first-class health.

L. A. HOPSON, Hopson, Ky.
 I am well pleased with the Electropoise, and can not say too much in its praise; I used it for rheumatism, and it has entirely cured me. Those suffering with rheumatism should by all means give it a trial.

Tullahoma Team Next.

The base ball management has one of the strongest aggregations of ball players to meet the Hopkinsville Athletics on the 4, 5 and 6 of Tullahoma Tenn.; this team is composed of gentlemen ball players, and to win these games it will be a hot contest.

The locals have been strengthened by one more good pitcher from Nashville. Ottensville is his name, and he is known by all the lovers of the game.

The home team will play as follows on the 4th: Hord, c.; Schmidt, p.; Womack, 1st; Richardson, 2nd; Morris, 3rd; Thorpe, s.; Ashford, 1st; Davis, c.f.; Ottensville, r.f.; Ottensville pitches on Friday and Schmidt on Saturday.

The Tullahoma team brings the following men: Hydelott, c.; Chockley, p.; G. Barnes, 1st; Wilson, 2nd; Jones, 3rd; Stewart, s.; J. Barnes, 1st; Shopper, c.f.; Bailey, r.f. and pitcher, substitute, Campbell.

This is an extraordinary strong team and will come near taking one or two games.

Everybody must turn out and give the boys a send-off.

The locals are practicing hard every day and they invite you all to come out and watch them practice. They practice from 3 until 5.

Games on the 4 and 5 are called at 3 p. m., on the 6th at 2:30 p. m.

When Traveling.

Whether on pleasure bent, or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fever, headaches and other forms of sickness. For sale in 50c. and \$1 bottles by all leading druggists. Manufactured by the California Fig Syrup Co. only.

HERE AND THERE.

The McCarty farm near Gracely was offered for sale yesterday at public auction for division. It brought \$23,500 in parts and \$22,710 as a whole. D. L. Grinter being the highest bidder. It was not allowed to go at the figures offered. It contains 757 acres, and the farm is regarded as one of the finest in that part of the country. The price offered was a little over \$30 per acre.

The dry spell came to an end Sunday, so far as Hopkinsville was concerned. Several showers fell during the day and at night there was a hard and protracted rain. It came just in time, as the drought was getting to be quite a serious matter.

Dr. A. P. Campbell has resumed his practice and also has secured the right to extract teeth by the painless process. Office over Bassett & Co.

Rev. C. H. Nash preached two sermons at the Baptist church Sunday on "Paradise" and "Hades." Both discourses showed a thorough knowledge of the scriptures and the subjects, which were ably and eloquently handled.

Now is the time to sack your grapes. Best bargains for sale at this office.

In this issue we publish statements of the condition of the Planters Bank, First National and City Bank, of this city, and of several other banks.

These banking institutions are in a flourishing condition and each shows a large volume of business done.

The second nine of this city played the Princeton club at the latter place Friday, and were defeated by a score of 43 to 20. The said Princeton played their best nine on the occasion and the enormous score would certainly indicate it.

Dr. E. S. Fruit, dentist, office over City Bank, Hopkinsville, Ky.

Attention is called to the semi-annual statement of the Pembroke Deposit Bank which appears in to-day's issue. As usual this bank shows a healthy condition, as well as increase of business all along.

ROPER—Mr. J. H. Roper, a highly respected citizen of the Pee Dee neighborhood, died at his home Thursday night, after an illness of only a few days. Mr. Roper was one of the most prominent farmers of that section and the community has lost one of its most useful citizens. He was 58 years of age and leaves a wife and three sons, Mr. E. A. Roper, one of them, is engaged in business in this city.

RALESTON—Mrs. Harriet Raleston died in the Antioch neighborhood Sunday of paralysis, aged 67 years. She had been almost helpless for a year. Deceased had been a member of the Cumberland Presbyterian church for many years.

COLEMAN—Jas. Coleman died in the city Sunday of paralysis, aged 75 years.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative, effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Many A Watch Will Run

More than two years without cleaning, but many a watch has been laid aside as worn out because it has been allowed to run longer than that.

We nearly always find that the pivots are out in watches that have run too long without cleaning, and unless the pivots are polished and holes repaired, or new pivots inserted, the watch will not keep as good time as before.

When your watch needs cleaning, or any repairs, bring it to us and it will be done PROMPTLY and in a FIRST-CLASS manner.
